Recent Experience

2023–Present	**Director, Engineering (Terraform Cloud Applications)**, HashiCorp

- Leading the overall Terraform Cloud engineering organization (65+ engineers, managers, and directors)

2022–2023	**Director, Engineering (Lifecycle Management)**, HashiCorp

- Built Terraform Cloud's Infrastructure Lifecycle Management team from two founding engineers
- Shipped Drift Detection (HashiConf EU 2022), Continuous Validation (HashiConf 2022), and Workspace Visibility (HashiDays 2023)

2019–2022	**Senior Director, Engineering**, ZipRecruiter

- Led a distributed team of engineers, managers, and directors in building all user-facing web and mobile products, growing from two teams/20 engineers to nine teams/70+ engineers
- Worked with the CTO to build out the hiring pipeline, including serving on the hiring committee, developing and rolling out the organization's first engineering-wide career ladder, and serving on the ZipCares committee to promote diversity, equality, and inclusion in hiring

2017–2019	**Chief Technology Officer**, AUX Labs

- Built auction-based price discovery blockchain infrastructure (Solidity/Ethereum, C++/EOS)
- Launched our flagship marketplace in June of 2018 (React/Web3, Ruby/Rails, PostgreSQL)

2017–2018	**Executive Director, Engineering**, Fox Networks Group

- Helped build out services comprising FNG's streaming video platform (JavaScript/React, Node.js, Go, AWS, Terraform)
- Grew and managed a team of 20+ (engineering managers, full-time engineers, and contractors)

2016–2017	**Engineering Manager**, Hulu

- Built internal tools for Hulu's advertising platform (JavaScript/Angular, Ruby/Rails, MySQL)
- Led a team of ten software engineers across multiple strategic initiatives, including the transition of an in-house CRM to a third-party solution

Skills

Core Skills	Technical leadership, software engineering, software consulting, engineering management, machine learning
Technologies	AWS, Clojure, ClojureScript, Docker, Elixir, Go, Java, JavaScript/TypeScript (React, Node), Kubernetes, Python, Ruby/Rails, SQL (MySQL, PostgreSQL), Terraform

Publications, Papers, and Talks

Ruby Wizardry, No Starch Press, 2014

- An illustrated guide to Ruby for children: http://www.nostarch.com/rubywizardry

Conference Talks

Education

2016–2018	**MS**, Georgia Institute of Technology, Computer Science—Machine Learning
	• Including work in AI, computational finance, cryptography, distributed systems, & game theory
2010–2012	**MFA**, New York University, Creative Writing—Poetry
	• Awarded a Veterans Writing Workshop Fellowship to teach veterans creative writing
	• Published in McSweeney's *The Believer*, *The New Yorker*, *The Yale Review*, & others
2004–2007	**AB**, Duke University, Philosophy, English Language & Literature
	• Graduated *magna cum laude*, Phi Beta Kappa, High Distinction in Philosophy
	• Awarded a William M. Blackburn scholarship for excellence in writing

Professional Affiliations

2018–Present	**AAAI**, Association for the Advancement of Artificial Intelligence
2018–Present	**ACM**, Association for Computing Machinery
2018–Present	**LACTO**, Los Angeles CTO Forum
